

Sprint Review

- Heading: Sprint2 Report, iHealthy(product name and team name), 11/3/2019
- Actions to stop doing: Not being able to make it to general meetings. Time that we have is limited and this hinders our progress with the project.
- Actions to start doing: The team should schedule more group work sessions, since these are very effective at getting work done. The team should be more accurate at estimating work tasks, since tasks were consistently under-estimated last sprint.
- Actions keep doing: Meetings with each other. We get more work and help done together than as individuals.
- Work completed/not completed:
 - Result page template
 - History page template
 - Login page front end and back end(completed)
 - Signup page front end and back end(completed)
- Work completion rate: There are 2 user stories, and the estimated ideal work hours is 30 hours. There are 14 days to complete sprint 1. Each group member spends at least 5 hours for the sprint 2 ideally. According to the team members, each member spends 5-6 hours on the sprint .
